COCKTAILS

We believe a cocktail is the best way to start your night

Cocktails were invented as a way to make harsh alcohol more palatable... fast forward 200 years and cocktail making has blossomed as a creative art form that bartenders and mixologists the world over seek to master.

The best cocktails are the ones where the whole is greater than the sum of the parts. Our list is divided into a few sections to make it easier to find your perfect match!

JAPANESE SLIPPER

Clogs Signature Cocktail 20

the Japanese slipper is a fruity cocktail that is low-proof and delicious, a drink with elegance and sophistication!
